

Dr. Nicola Mercer MD, MBA, MPH, FRCPC C.Dir.

Medical Officer of Health and CEO
Wellington-Dufferin-Guelph Public Health

Welcome to Wellington-Dufferin-Guelph Public Health's Strategic Plan. This new Strategic Plan builds upon existing organizational strengths which allowed us to respond to the global pandemic while preparing us to take on an evolving public health landscape. The strategic planning process engaged staff and community partners to gather input that informed how we will meet the goal of safer and healthier communities. Out of these discussions came an articulation of the vision, mission and values that will allow WDGPH to meet the challenges of today and opportunities in the coming years.

The strategic planning process was further strengthened and informed by our Agency's governance, management and daily operations. Whether facing routine questions or exploring new opportunities, our Strategic Plan illustrates our readiness to face the future with confidence and stability.

WDG Public Health is well positioned to navigate future challenges and make the most of working collaboratively to ensure local communities are as healthy as they can be.

A handwritten signature in black ink that reads "nicolamerce".

George Bridge, Chair, Board of Health

The Board of Health was pleased to participate in the creation of a forward-looking Strategic Plan that builds on our past strengths and looks to future challenges. This plan illustrates how a dynamic, experienced and well positioned health unit can take on the challenges coming our way, both those anticipated and some we can only speculate upon.

I have confidence that WDG Public Health will continue to be a provincial leader in governance and agency management so we can continue to support communities that are resilient to health risks and open to opportunities that allow everyone be as healthy as possible.

Land Acknowledgement

We acknowledge that the work of Wellington-Dufferin-Guelph Public Health operates on the traditional lands and home of the Hodinöhsö:ni', Anishinaabek, Tionontati and Attawandaron People, and is steeped in the tradition of many First Nations, Inuit and Metis People.

As an Agency, we encourage our staff, partners and clients to support the work of reconciliation and promote healing with our Indigenous neighbours.

We are also committed to reducing social inequities and will strive to make our services culturally appropriate and safe for all Indigenous people, their families and their community.

VISION

Health and Well-Being for all

MISSION

Wellington-Dufferin-Guelph Public Health protects health and promotes overall well-being so everyone in our communities can thrive

These values guide our work

Accountable

Adaptable

Acknowledgements

Wellington-Dufferin-Guelph Public Health would like to sincerely thank our community partners who helped contribute to the creation of this Strategic Plan by attending three Open Houses and with specific interviews.

We also appreciate the ideas and suggestions from our dedicated staff from across our three offices in Orangeville, Fergus, and Guelph who also participated in internal open houses. Finally, we appreciate the WDGPH staff who answered the open-ended staff survey.

Your valuable input during the Summer and Fall of 2023 formed the foundation upon which members of our Board and the Senior Leadership Team built this Strategic Plan.

Our community benefits greatly from you sharing your time, your opinions, and your thoughts. Thank you!
