

## COVID-19 Information Bulletin #110

---

**Date issued:** April 13, 2021

**Purpose of bulletin:** To keep local stakeholders informed about COVID-19 and its implications for Wellington County, Dufferin County and the City of Guelph (WDG).

All editions of this bulletin are posted on [our website](#).

**Current WDG Zone Level:** [State of Emergency and Stay-at-Home Order](#)

### Surveillance

- Information about [cases in WDG](#) can be found on our website
- Information about institutional outbreaks can be found in the [Retirement and Long-Term Care Outbreak Bulletin](#)
- Information about [vaccination progress in WDG](#) can be found on our website

### Province Moves Schools to Remote Learning following April Break

The [Government of Ontario](#) has announced it is moving elementary and secondary schools to remote learning following the April break for an indefinite period of time. Child care for non-school aged children will remain open, before and after school programs will be closed and free emergency child care for the school-aged children of eligible health care and frontline workers will be provided.

### Pre-Registration for COVID-19 Vaccine Now Open to Phase 3 Groups

Pre-registration for vaccinations is now open to Phase 3 groups in WDG. That means all residents (age 16+) of the region are eligible to pre-register for their vaccination.

As residents eligible under Phase 3 pre-register, it is important to remember that local vaccinations still follow the Province's vaccination framework. That means many residents who are Phase 3 eligible will likely not be vaccinated until June. However, pre-registering is still the best way for residents to ensure they receive a vaccine as soon as it is their turn. For more information on pre-registering for the COVID-19 vaccine, visit [www.wdgpUBLICHEALTH.ca/register](http://www.wdgpUBLICHEALTH.ca/register).

### Province Issues Emergency Orders to Support Health System

The [Government of Ontario](#) has issued emergency orders to support the [redeployment of health care professionals and other workers](#) currently working in Ontario Health and Home and Community Care Support Services organizations to hospitals and to provide hospitals with the flexibility to [transfer patients to alternate hospital sites](#) in situations where a hospital's resources are at risk of becoming overwhelmed. These orders came into effect on April 9 and remain valid

for 14 days unless revoked or extended in accordance with the *Emergency Management and Civil Protection Act*.

Effective Monday, April 12, 2021, Ontario Health has also instructed hospitals to ramp down all elective surgeries and non-urgent activities in order to preserve critical care and human resource capacity.

## Announcements and Changes to Services

- On April 13, the [Government of Ontario](#) announced it is rolling out vaccines to "hot spot" regions across the province as part of Phase Two of the COVID-19 vaccine distribution plan.
- On April 11, the [Government of Ontario](#) announced it is increasing capacity in its COVID-19 vaccine rollout with the addition of over 700 pharmacies across the province.
- On April 8, the [Government of Ontario](#) announced that the Government of Canada is extending the support of the Canadian Red Cross in select long-term care and retirement homes in Ontario.
